SAFE

A saved arm is an arm that is muscular and skilful; a saved leg is one you can run and kick with; a saved mind is one that thinks clearly. Each of these is saved by peril, burden and effort.

Protecting, codding and shielding them only makes them flabby and weak.

"This is the law of life. The woman who is most really saved is the woman who bears and rears a large family of children. They mean burden, anxiety, labor, self-giving, often agony,

always responsibility. And those are the things that save a woman—save her from being petty, dissatisfied, useless and bad.

The noblest women I ever knew have been those who have launched young lives. The most magnificent soul that can be grown on this earth is a mother.

Many a promising lad needs only to be kicked out, battered, discouraged, and opposed to make a man of him. Not that we should abuse boys. We should help them. But this old world and nature and destiny intend to haze him and attack him and to roll him

in the mud.

And if that rough treatment arouses him to fight and win, he will be saved. Our safeguarding does not save.

Girls, it is commonly supposed, are to be "screened, protected." A girl however, that has always been kept from all temptations and responsibilities may be a very sweet, nice girl, but she will not be a great woman.

There is only one way to be great, to have strength that can be depended upon in a crisis, to have the kind of happiness that cannot be booted over by calamity, to have that kind of faith that doubts strengthen and do not distrust, and to have the kind of purity that comes from wisdom and not from ignorance, and that way is to accept responsibilities, grapple them, and bear them nobly.

Then you are safe as a fearless warrior in safe.

The other way you are safe as a man in a cyclone cellar is safe.

A SPELLING BEE

Some of you who think you are well up in spelling just try to spell the words in this little sentence:

"It is agreeable to witness the unparalleled ecstasy of two harassed peddlers endeavoring to gauge the symmetry of two peeled pears."

Read it over to your friends and see how many of them can spell every word correctly. The sentence contains many of the real puzzlers of the spelling book.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

109 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured."

"At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'."

GASPARD DUBORD.

Box a box, 6 for \$2.50, trial size, 25c. All dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

POPLAR RIDGE NEWS

We are pleased to hear that Mrs. W. R. Atkins is recovering nicely from the operation she underwent last week.

Mr. and Mrs. C. Peterson have gone to Calgary for their vacation and took in the Calgary Fair. Everyone should take advantage of the privilege to hear Rev. Hassall. He always gives a splendid sermon; the best we have heard in our community. Service every Sunday at 3 p.m. Sunday school at 2:30. Mrs. Reed, superintendent, cordially invites all to attend.

Mrs. Raymond De Pauw is in Calgary for a few weeks.

We are pleased to hear Mr. Bodenman has broken a goodly piece of his land.

Well, we don't need to hold any grudge against Mr. Hatfield after all the rain we had lately.

The regular monthly meeting of the U.F.A. will be held at the home of Mrs. E. Neal on Wednesday, July 20, at 2:30. Discussions on bread making and canning fruit will be enjoyed by all.

CAN EYES RADIATE ENERGY

A remarkable instrument is shortly to be shown at a forthcoming English medical congress, which appears to show that rays proceed from the eyes which are capable of being registered, just as wireless messages are detected. Is there more than the old meaning in the phrase, "I fixed him with my eyes?"

The instrument is somewhat in the nature of an electro-scope—the delicate apparatus which is usually used to measure the minutest electric currents dealt with by physicists. On concentrating the gaze upon the electro-scope a movement takes place which indicates that there is something in sight which radiates outwards and can cause mechanical movement.

This remarkable discovery and its possible significance can hardly be enlarged upon until the instrument has been demonstrated, but it will certainly cause something of a sensation in the scientific world.

Sidelight on Telepathy

It may forebode a time in the near future when it will be possible to register thought—indeed, it may be the fact that thought is accompanied by a concentrated gaze that causes the new instrument to make the registration.

If it can be definitely established that thought causes a wave-motion in the ether, then it will no longer be wonderful that a person in India or Australia, for instance, is conscious of the influence of some other person's thoughts in London. These ether waves vary so enormously in length. X-rays are so short that many millions of them are crowded into the space of one inch; wireless telegraph waves, on the other hand, are often five miles long. Perhaps the thought wave is a thousand miles in length—it is just as likely as not; in which case a wave motion set up by concentrated thought might easily travel across the world before it was dissipated and so find a response in a receptive mind.

THE IRISH ACT

The Lord-Lieutenant of Ireland, to

Ulster:

"I don't pretend for one moment that the Act which is the foundation of your parliament in Northern Ireland is a perfect Act; in fact, I believe it wants amending and, I shall not be at all surprised if it is amended in the not very far distant future. I know you did not want it, and that you only accepted it on the advice of your great leader, Lord Carson—loud cheers—and your present prime minister, and, if it is not important for me to say so, I think you did well."

"I wanted no change, but so long as your own particular interests were safeguarded you were willing to lend a hand for the future welfare of your country as a whole. I believe you have done it. At any rate, this Act of Parliament, which establishes a parliament here in the North of Ireland and gives power to establish an other parliament in Southern Ireland, does this: it gives to Irishmen as a whole the right and, if they choose to exercise it, the power to manage their own affairs."

ELECTION

OF THE

Red Deer Provincial Constituency

Ladies and Gentlemen:—

Three years ago you accorded me the honor of election as your representative in the provincial legislature as a supporter of the Government headed by the Hon. Charles Stewart. Today I am again soliciting your support on the same platform and on behalf of the same principles that have characterized the progressive and businesslike administration of the Stewart Government.

Development has kept pace with the needs of the people, and no class or occupation has been neglected in the legislation that has been enacted during that period by the Stewart administration.

The record of the Stewart Government has been clean, straightforward and progressive. Its legislation has embraced every provincial activity, and particular attention has been given to the agricultural needs of the province. No provincial government has enacted more favorable legislation in the interests of the farmers than the Stewart administration. What have they done for the farmer? Read the facts:

1. Throughout the province there have been many dried out areas. In these districts relief was absolutely necessary to the over those who suffered from having no crop. Relief was granted to the extent of \$4,000,000, and this assistance has made it possible for these farmers to go ahead this year with their operations.

2. The Stewart Government deserves the commendation of every farmer for their prompt action in guaranteeing the bonds for the irrigation and drainage projects in the southern part of the province.

3. In health and child welfare work an enviable record has been established. Municipal hospitals are given substantial financial aid by the government.

4. Road building has formed an important part of its programme. Including 1921, the Stewart Government will have spent \$6,650,000 since 1917 on the roads and bridges of this province. Every dollar from automobile licenses has been spent for this purpose.

5. The Stewart Government was the first to accord the vote to women; the first to give them a place in the legislature, in municipal councils, and a seat on the judicial bench; the first to give the equal parental rights and render them eligible for service on juries when desirable.

6. The benefits derived under the Live Stock Encouragement Act have proven most advantageous to many farmers in various districts throughout the province. Along with this Act should also be mentioned the Alberta Co-operative Credit Act which is operating most successfully where societies are organized. This Act is specially designed to furnish adequate credit for the running expenses of the farming season at a minimum rate of interest, and for a period of time keeping with their operation. This year already \$250,000 has been approved of at a uniform rate of interest of 7½%.

7. The railway policy of the Stewart Government has provided adequate transportation facilities for the vast and productive areas in the northern part of the province. These areas contain resources of inestimable value and before many years will prove to be one of the richest sections of Alberta.

8. Premier Stewart and his Cabinet have accorded the returned men fair and honorable treatment. They have received more generous consideration at the hands of the Stewart Government than from any other provincial government in the Dominion.

They have also dealt with other questions of vital importance to the well being of the farming communities. I might mention some of them: The Dairy Industry; Municipal Public Insurance; Agricultural Schools and Demonstration Farms; the Coal Industry; Social Laws; Women's Institutes and Dower Rights.

In view of the foregoing legislation, there is before every elector one question only, viz.: Is it better that the affairs of the province be administered for the next four years by the Stewart Government, whose record is before us, or by any possible combination of groups which untidily might be strong enough to overthrow it?

It is beside the issue altogether for any candidate opposing the candidate nominated by supporters of the Stewart Government to make use of such statements as "We are not out in opposition to anyone, we are after no one's scalp."

In the present membership of the house twenty-six of the fifty-six members are farmers, three of whom are cabinet ministers.

In view of the statement made by President Wood that the farmers would be satisfied with twenty members in the legislature, the above representation appears adequate and gives to the farmer control in the parliament of Alberta.

It is also another fallacy for candidates opposing the Stewart Government to state that a vote for them is not necessarily a vote against the Stewart Government.

There are only two choices for each elector. You cannot take a middle course and play safe with the affairs of the province in this critical time.

On the one hand, you are being asked to declare approval of the record of the Stewart Government and to renew its mandate to direct the affairs of the province for another term.

On the other hand, you are asked to declare disapproval of the Government's record and proclaim that they have lost your confidence and your vote against myself can only be construed as a demand upon the ministers of the Stewart Cabinet to resign.

For the past thirty-six years I have been a resident farmer of the Red Deer District, and have been actively associated with the U.F.A. organization since its inception and hold at the present time a life membership.

I solicit your vote and influence in this election. Premier Stewart has conceded to every supporter of his government the right to exercise his own franchise, and this right I shall exercise as occasion may demand.

GAETZ, JOHN J. X

SMITH, G. W.

Mark your Ballot thus in support of
the Stewart Government

Yours, faithfully,

JOHN J. GAETZ

HAIL IN SASKATCHEWAN

Regina, Sask., July 17.—A hail storm of twenty minutes' duration this afternoon which swept north and east of Regina has caused severe damage to crops. While it is impossible to ascertain the full extent of the damage, loss of over 1,000 acres has been reported tonight. During the storm hail stones varying in size from two inches in diameter to the size of a tennis ball fell. The path of the storm was about six miles wide and some of the farmers in the Regina district have been entirely cleaned out of their crop. The city farm at Stony Creek lost its whole oat crop of 300 acres and at least half the wheat crop. One farmer near Combe is reported to have lost 700 acres, while many others are reporting losses.

FACTS ABOUT FOREIGNERS IN CANADA

1 In 5 of the male population in British Columbia is an Oriental.

1 In 12 of the population in Saskatchewan is Rubeian.

1 In 10 of the population is a foreigner.

1 In 7 of the population of Montreal is a foreigner.

Canada's foreign immigration, from 1900 to 1918, numbered 855,868.

Canada has, it is estimated, 130,000 Jews.

Chinese immigration to Canada, 1905-1918, based on head tax, 25,667; exempt admissions, 4,041—total of 34,008.

Canada's immigration tables reveal over 50 nationalities.

The Bible is issued, in whole or in part, in over 100 languages and dialects in Canada.

Over 45 per cent. of the population of the Canadian West is non-Anglo-Saxon. The Protestant Church has scarcely begun to touch this human problem.

Why Should The United Farmers of Alberta

Oppose The

STEWART GOVERNMENT

Premier Stewart is one of the best farmers in the province.

The Provincial government has enacted more legislation in the interests of the farmers than any other government in Canada.

The platform of the U. F. A. is almost identically the platform of the Stewart government.

All classes and sections have received the utmost consideration at all times from Premier Stewart and his cabinet.

The government has been progressive and business-like.

Critical times are ahead, and the government is prepared to cope with these problems in an experienced and careful manner.

Why, Then, Should Premier Stewart Be Opposed?

Remember what Hon. T. A. Crerar, national leader of the organized farmers had to say when he addressed the U. F. A. convention in Edmonton, January, 20th, 1921, as reported in the press.

"Mr. Crerar pointed out that the business of government, he cared not whether it was a municipality, a province, or in the wider federal field, was a business that should engage the attention of every honest citizen, no matter what his calling or occupation might be, and consequently, that being the case, he for one was willing to take common ground with the other man, whatever his profession might be, so long as he believed in policies that he, the speaker, believed in, and who was willing to work with him for those ends."

"That does not mean that the position of your organization, or of any farmers' organization, is challenged," said Mr. Crerar. "It would be a thousand pities if we were to do anything in Canada today that would destroy the integrity and effectiveness of the farmers' organization. Your U.F.A., as your president has pointed out on many occasions, must continue its existence and life as a farmers' organization, built up as such, but let me say this—When you get into the wider field where you are dealing with matters of vital importance to all the people of the country, do not refuse the support and assistance of the man who is willing to work with you toward that end. You will fall in your final purpose if your motive is to seek power alone for the sake of power. It would be a fatal mistake if we become animated with the desire to acquire power in government merely for the sake of having it."

CRITICAL TIMES IN THE ERA OF RE-ESTABLISHMENT ARE STILL AHEAD—THE WORDS OF
HON. MR. CRRER CARRY A NOTE OF GRAVE WARNING—THE STEWART GOVT. HAS
AN UNCHALLENGED RECORD OF SPLENDID PUBLIC SERVICE. WHY NOT
STAND TOGETHER AND WORK TOGETHER?

STRIKES AND BALLS

A test for an umpire's sym-
ptom.

The bases are full;
The two men down;

The score is close;
The batter has two strikes and 3

balls;
The pitcher hurls the ball;

The batter doesn't move;
And the umpire calls it—(what?),

**CRUSADE TO TAKE
CHRISTIANITY TO
ALL PARTS WORLD**

Greek Church Invites Christian En-
deavor to Come to Russia; Plans for
Extension.

New York, July 8.—Determination
of a world policy for the Christian En-
deavor was begun Thursday by the
sixth world's Christian Endeavor con-
ference. Conferences were held and
plans made for extending the crusade
in behalf of Christianity in all coun-
tries. Word was received from Rus-
sia that the Greek church would wel-
come Christian Endeavor there. The
people of Finland, Estonia, Latvia,
Germany, China, Mexico, South Amer-
ica, India and elsewhere were also
reported bidding for the help of the
society.

Rev. Dr. Samuel Zemeyer, of Cairo,
Egypt, in an address last night, urged
that a great evangelistic campaign be
started at once. Christians everywhere
were to be urged to take up the work
of Mohammedan land and every section
of the Moslem world.

Dr. Zemeyer said that thousands of
Mohammedans were anxious to be-
come Christians and were flocking to
the missionary stations already estab-
lished. The first world convention of
the junior world's Christian Endeavor
opens today. More than 1,500 child-
ren from four states, New York, Penn-
sylvania, Connecticut and New Jer-
sey, have registered as delegates.

Official convention records indicated
last night that the convention was the
largest religious gathering ever held
in this country, 16,000 delegates from
all sections of the world being regis-
tered.

Two cities have entered the race for
the site of the 1925 convention. They
are Portland, Oregon, and Des Moines,
Iowa.

**NEW MANAGING
DIRECTOR JOURNAL
TAKES UP DUTIES**

John M. Imrie Arranges Reorganiza-
tion With Present Executives on
Board

Edmonton, July 7.—John M. Imrie,
the new managing director of the Ed-
monton Journal, arrived in Edmonton
Tuesday night, and assumed his new
duties Wednesday morning. Following
his arrival, certain changes will be
made in the organization and man-
agement of Canadian Newspapers,
Limited, publishers of the Journal.

A new charter will be secured un-
der Alberta laws, and the head office
of the company will be in Edmonton.
The name will be changed to include
the word "Journal." The directorate
will be enlarged to include, in addi-
tion to Mr. Imrie, Messrs. Charles R.
Morrison, Arthur Yockney and A. B.
Watt. The new directors and George
B. Cooper have acquired stock in the
new company.

C. R. Morrison, who has for 10
years been the news editor and later
the managing editor of the Journal,
will remain with this newspaper. He
will be assistant general manager of
the company. A. B. Watt will in the
future, as in the past, be editor in
charge of the editorial page.
B. Cooper will continue his present
responsible position of advertising
manager. Harry Fuller will be in
charge of the circulation, and the
other executives will remain as at
present.

**HOW A MODERN BRIGADIER
LEARNED STRATEGY FROM
THE OLD TESTAMENT**

Some people there are, who will
tell you that reading is a waste of
time, but Franklin K. Lane, ex-U.S.
Secretary, is of rather different op-
inion, according to the Popular Maga-
zine.

"Through fiction," says Mr. Lane,
"this generation is given its philos-
ophy, economics, moral standards and
inspiration by subtle instilling of
thought which gives standpoint to
life. Fiction is our environment, as
real as the social group in which we
move, and as determining in its
effect."

It is a cold fact that the man who
has formed the habit of reading fic-
tion or otherwise, has something that
the other fellow misses. He has a
keenness of vision and resources
that come up at odd times. Major
Vivian Gilbert, formerly of the Brit-
ish Army in Palestine, tells a little
inside history in regard to the late
campaign of Canaan.

After the fall of Jerusalem, the
Turkish Army retired to a strong
position at a place called Micanah.
A British force followed and en-
compassed one night opposite the
heights of Micanah. On the follow-
ing morning the Turkish lines were
to be assaulted in the time-honored
British frontal attack.

All dispositions had been made,
everything was in readiness, but
something bothered the Brigadier-
General in command. Micanah, the
name of the rugged height opposite
recalled something to his mind,
something he had read somewhere.
Yes, it was something he had read
in the Bible. He was not satisfied
(ill he looked up the name in the Old
Testament.

He found it in First
Samuel XIII, chapter 17. Here it is:
"And the Philistines gathered
themselves together to fight with
Israel, thirty thousand chariots and
six thousand horsemen and people
as the sand which is on the seashore
in multitude; and they came up and
pitched in Micanah eastward from
Bethanem."

If you were there at the same old
Micanah, some three thousand years
later. The Turks with machine guns
in place of chariots, occupied the
position of the Philistines. Where
the British army lay, had once been
the camp of the fighting tribes of
Israel. The Brigadier read on and
learned how Jonathan and his armor
bearer surprised the Philistines and
took Micanah.

Jonathan did NOT make a frontal
attack. He went around by a pass
at the side. On the other side of this
pass were high rocks. One was
called Bozrah and the other Seneh.

The Brigadier set for maps, sought
information of the natives, and order
scouts out. The pass was still
there, a dry watercourse. Out west
there, you might call it a "wash." The
rocks were still standing on either

side.
In the early morning, in the foot-
steps of Jonathan, the silent infantry
moved up the pass.

That evening there were no armed
Turks in Micanah. All were dead
or prisoners. And more than one
boy went home safely, who might
have left his bones in Palestine, had
not a modern Brigadier learned
strategy from the Old Testament.

ECKVILLE U. F. A.

Object to Saturday Half-Holiday.—
Twine Should be Ordered at Once.

The regular meeting of our local
Union of the U.F.A. was held on Sat-
urday, July 2, with a fair number of
members being present. Quite a lot of
correspondence was read and dealt
with. The secretary's action in regard
to the U.F.A. picnic to be held at Syl-
vestre Lake on Wednesday, 6th inst.,
was approved.

Calls for political and "Livestock
savings" conventions to be held at Red
Deer on the 5th inst. was read, and
after a short discussion and opinions,
under discussion, were elected to repre-
sent this local on both conventions. The
livestock situation was gone into,
and many complimentary comments
for the Dominion government for the
newly imposed taxes which the farm-
ers have got to pay, only because of
having to bind their crop in order to
be able to handle the same, could be
heard from the meeting. The members
present all signed their orders for
twine. As we cannot this year handle
a full car, it was thought advisable to
ply, not to delay in ordering, as the
conditions were such that the jobber or
dealer would not stock up heavy, and
therefore there might be a shortage of
twine this season. The only way was
to place your order and be sure of your
supply, as this Union will have to
place the full order to be sure of de-
livery, and if you neglect same and get
left, blame yourself.

The Saturday half-holiday closing
and the local postoffice matters came
under discussion, and on the latter the
secretary was on motion instructed to
write to the Postoffice Inspector in
regard to the status of the local post-
office and on other matters.

The closing of the business places
was cited as an outrage to the public,
this probably being the only place in
Alberta where the public were depriv-
ed of their privileges of being able to
come in to town on Saturday afternoon
and provide themselves with neces-
saries; and further, if it should happen
that there would be one or two holi-
days in the week, the stores would be
closed on Saturday afternoon just the
same. The answer to our resolution
presented to the local merchants was
not in the least considered an answer
at all. The meeting went on record in
saying that they did not care which
day of the week the stores were closed
as long as they remained open on Sat-
urday. Action to remedy the situa-
tion was mentioned along several lines,
but finally it was decided to appoint
two members a committee to wait on
the directors of the Edmonton and
Co-operative Store. It was suggested
that this store, being owned and con-
trolled by the farmers, of the district,
might receive some definite instruc-
tions, and upon their report our further
action will be guided. The meeting
was unanimous in this regard.

A bill of \$16 was ordered to be paid.
J. E. LUNDBERG, Sec'y.

LESLIEVILLE

At a nice informal gathering held in
the ice cream parlor last Monday
night, Mr. Hazen was made the recipi-
ent of a nice box of cigars, and Mrs.
Hazen and Miss Mary McLeod a quan-
tity of hosiery. In handing over the
gifts, Mr. G. G. Grier spoke in terms
of the advance made by the various
institutions in town since the Hazens
had come amongst us. Mr. Hazen, he said,
had been a hearty supporter of every
worthy cause and would be much
missed in the gay games, the concerts
and dances. When Mr. Hazen had
spoken in reply, everyone present join-
ed in an address. "For it's a Jolly
Golf Fellow." Dancing was then kept
up until after midnight.

The concert, vocal and instrumental
held last Friday night in Card's hall in
aid of the Community Hall, was a huge
financial success. The Deland repre-
sentative gave a splendid demon-
stration of how much better a building
can be lighted with electricity than by
the other known mode of lighting. Mr.
McCauley made an ideal chairman and
put forth an earnest appeal for every
person present to do their best on this
occasion. Mr. Ensign gave further proof
of his ability as an auctioneer in the
way he disposed of the boxes at prices
ranging from \$2.50 to \$17.50. The
crowd, though small, came through
like good sports and when it came
time to reckon up it was found that
nearly \$248 had been raised. This
brings the funds in hand now away
over \$900. The cement is here, the
cellar dug, and all in readiness for
work. The dance held afterwards in
the ice cream parlor was well patron-
ized. You can buy life membership
tickets for this project at \$2 each. This
gives you a vote at all general meet-
ings held in regard to this hall school
project. For further particulars apply to
us. They could do with more moisture, but
we are not yet suffering.

**CANADIAN

**As Edison's Electric
Light Outshines The
Candle, So Edison's
AMBEROLA
Phonograph Outshines
'Talking Machines'**

THE complete list of Edison's Inventions,
that have helped mankind to live better and
to better enjoy living, reads like the Arabian
Nights. Isn't it easy to understand why the
inventor of the phonograph can produce the
world's greatest phonograph value, the Amberola?
Isn't it difficult to understand why anybody ever
buys a talking machine, when they can own

**EDISON'S NEW DIAMOND
AMBEROLA**

The World's Greatest Phonograph Value

Are you familiar with the
shrillness and metallic sound
of "talking machines" and
ordinary phonographs? Then
come to our store and listen
to the pure, musical tone of
the Amberola! The differ-
ence is startling.

Do you know the cost and
bother of constantly chang-
ing phonograph needles? Let
us show you the permanent
Diamond Point Reproducer
of the Amberola that does
away with needles!

Have you seen how easily
"talking machine" records
crack and break? Amberol
Records can be accidentally
dropped without damage—
they are practically unbreak-
able and everlasting!

Would you like to own an
Amberola, but feel you can-
not afford one? Let us prove
to you that Edison's way
to bring music into every
home makes it possible for
you to possess an Amber-
ola almost on your own
terms!

Come in and talk it over
with us. If you cannot come
soon, write us—today.

H. H. HUMBER, Jeweler and Optician - RED DEER

IT'S FAIR TIME AGAIN

Of course the "Fair" are an inspiration and a joy to us at any time, but what we mean especially to-day is the Agricultural Fair which begins on Monday the 18th. We invite you all to visit this great annual event which is an outstanding credit to the men of the district and town, who have made the undertaking such an unqualified success. It will encourage these men who have spent days of hard work in organizing the show. It will give the wife and kiddies a delightful little change and it will make you feel keener on the bit for the rest of the year. Everybody come. If you can use our store as a meeting place or for appointments, don't hesitate to do so. The store and staff are at your command.

Silk, Tweed and Serge Skirts

Is there a time when an extra Skirt or two is not acceptable? For July selling we are offering some great inducements. Take one home for the wife or daughter, and please not only them, but yourself.

\$8.00 values for	\$6.00
\$8.50 values for	\$6.35
\$9.00 values for	\$6.75
\$9.50 values for	\$7.10

ALBERTA ELECTIONS

The Farmers' movement in Alberta, says the Winnipeg Tribune, has crystallized into direct opposition to the Stewart government. It has thus fallen into the right and only possible lines of political development. This is not to say that its policies are altogether right or practicable. Most new movements have unworkable generalizations superimposed upon their real essence. But in Alberta, the movement has taken the only course which will enable it to go as far in politics as the strength which lies within itself will carry it.

In Saskatchewan it adopted the opposite course officially. The result has been that it has not merely been extinguished as a political force in that province in provincial politics, but doubt has been thrown upon its real ulterior purpose in Dominion politics, while all its political vitality has been transferred to an independent movement which has only to cohere to become effective.

It is high time in both these provinces that governments which are the spontaneous expression of the people's will should take the place of the governments which have been in power so long. As a necessary consequence of conditions which existed, these governments were wished on the people of Alberta and Saskatchewan in 1912. They functioned fairly well, but they never could be called spontaneously representative.

In obedience to a natural instinct they proceeded to dig themselves into power by all the mechanical devices known to politicians until they became a kind of government which has always been the bane of Canada through our scattered population, namely, governments which depend for office on an accretion of private interests and the exercise of patronage, and whose only recognized responsibility to the people is not to make themselves sufficiently offensive to justify a political revolution.

The Macdonald government, which assuredly interpreted the national spirit and life of Canada, eventually became utterly decadent from this cause, and the Liberal government which, while ostensibly opposed, really carried on the Macdonald tradition, fell even a more rapid prey to forces inimical to the general welfare. These governments were extremely hard to dislodge after they had outlived their usefulness. In fact it has never yet been sufficiently easy to defeat a government for the good of the country in Canada.

This condition of affairs is changing, very largely through the development of our cities, and a more representative public opinion. The awakened consciousness of the farmers and rural population is an influential force. Both Saskatchewan and Alberta must undergo a political change from tutelage masked under perfect conformity to true representation before they can become cleanly democratic and have a social and political development at all comparable with their material wealth and population. They must take their own time and methods, but if violent transition is to be avoided action can hardly be taken too soon.

There are those who say that change will lead to a regime of Bolshevik idealism which is a paraphrase for anarchy. In fact, some openly accuse the Farmers' movement of tending in this direction. Pure nonsense, which has been the unvarying plea of state governments corrupted by bureaucracy since the world began.

There is no more danger of revolutionary governments in Western Canada than in the Kingdom of Heaven, but there is danger of continuing to tolerate bad governments through the fear of substitutes.

We note under big glaring headlines in the Edmonton Bulletin of July 8th, that if the Liberal government is returned to power, the program of railway construction for 1922 will include the extension of the Lacombe-Northern railway from Lacombe to Edmonton. This would be a great blow to Red Deer, and is, without doubt, coming on the eve of an election, a dodge to get support from voters along the said proposed line. Such schemes are just a little above what might be expected from Premier Stewart.

"None are for a party, when all are for the state." The U.F.A. is making its contribution to society, but the progressive minds are not all in its membership. Let the people rule.

GREAT NEED FOR HEALTH REFORM

The need for health reform in Canada is greater and more general than any except a few specialists know. The problem is, primarily one in the conduct of the individual life, and it broadens from personal hygiene to home hygiene and public hygiene or Public Health. The greatest hindrance to progress is lack of knowledge and lack of willingness to apply it. The medical experts at their Conference at Cannes adopted a Minute announcing it as their opinion "that a great part of the world-wide prevalence of disease and suffering is due to widespread ignorance and lack of application of well established facts and methods capable either of largely restricting disease or preventing it altogether." The expenditure of much wealth is not needed to secure good health, but some energy, a certain amount of intelligence and a willingness to play the game are required. Most children are born with the possession of good health; the problem is to conserve that precious heritage. In backward civilizations a slow and a wasteful waste of that priceless gift of nature begins from the time the baby is weaned; and scarcely any attempt is made to arrest the wastage. It ought not to be so in Canada. But some recent investigations fill us with surprise and anxiety.

LORD BALFOUR, OF BURLEIGH, IS DEAD

London, July 6.—Lord Balfour, of Burleigh, died today.

Lord Balfour of Burleigh (Alexander Hugh Bruce) was the sixth baron (created 1677). The title was attained in 1716 for the rising of 1715 and only restored in 1869.

Lord Balfour was born in 1849. He served in many official capacities and was Lord-in-Waiting to Queen Victoria in 1888. He was lord rector of Edinburgh university in 1889 and chancellor of St. Andrew's university in 1899. He was chairman of the Royal Commission on closer trade relations between Canada and the West Indies in 1902, spending considerable time in both countries. In 1917 he was elected chairman of the Carnegie Educational Trust succeeding Lord Eglinton.

CASH AUCTION SALE

Having received instructions from Mr. J. H. Gairbairn, of Poplar Ridge, I will sell by Public Auction at his residence, N.W. 1/4 of 30-25, West of 4th; ten miles west of Red Deer; 1/4 mile east of Sylvan Lake, on

MONDAY, JULY 25th, 1921

WEDDING BELLS

ARMSTRONG-MORRISON

The congratulations of friends will be heartily extended to Mr. Wilbur T. Armstrong, of the Hamilton Baking Co. staff, on his marriage on Tuesday afternoon, at the residence of his parents, Dr. and Mrs. Armstrong, Calgary, to Miss Lavina Morrison, youngest daughter of Mr. and Mrs. A. Morrison, of Red Deer. Rev. G. H. Cobblett officiated. The bride will be remembered as a member of G. W. Hamilton's grocery staff. Mr. and Mrs. Armstrong will leave a few days at home before returning home to Red Deer.

SHERIFF'S SALE

PROVINCE OF ALBERTA

TO WIT: By virtue of a Writ of Execution issued out of the Supreme Court of Alberta, Judicial District of Red Deer, at the suit of Canadian Credit Men's Trust Association, Limited, Plaintiff, and Thomas H. Clark, Defendant, and to me directed against the lands of the Defendant, Thomas H. Clark, I have seized and taken into Execution the following land, namely:

The North East quarter of Section one (1), Township thirty-eight (38), Range seven (7), West of the 5th Meridian, and in the Province of Alberta, excepting thereout all mines and minerals and containing one hundred and sixty (160) acres more or less, and subject to taxes due or to accrue due, as advised and truly believe that the Defendant is not living upon said land; that the soil of the said land is good, and that the said land could all be put under cultivation; that there is on the said land a five roomed log house valued at \$600.00, and a log barn in poor repair; that the fences are of no value; that there is a well on the said land, and a chicken house worth \$20.00; that 25 acres of the said land have been planted to timothy, which is now run out; that there are five acres of swamps. The balance of the land is covered by poplar timber. A small creek runs through the south east corner of the land and a church and school are situated five miles from the said land. Which I shall expose for sale on Tuesday, the 21st day of July, at the Sheriff's office, Court House, Red Deer, at the hour of 2:30 o'clock in the afternoon.

JOHN A. McPHERSON, Sheriff.

BIG SPECIAL FAIR OFFERING

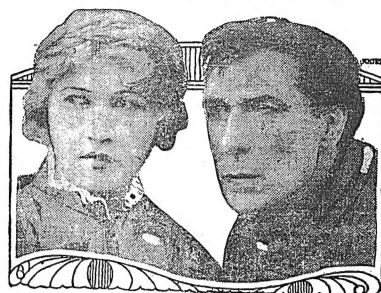

EXTRA! EXTRA! EXTRA!

MONDAY and TUESDAY

July 18th and 19th

WILLIAM S. HART in "THE TOLL GATE."

A PARAMOUNT AIRCRAFT SPECIAL

WILLIAM S. HART and ANNA Q. NILSSON in a scene from "THE TOLL GATE." A PARAMOUNT AIRCRAFT PICTURE

A two-gun tale of an outlaw who fought on the square. Loaded with robbery, get-away, chase and battle. Fired by bandits, greasers and a posse of dare-devil troopers. Wiped clean by the love of a woman and the tiny hands of a child. Made by William Hart himself among the valleys and hills of the great southwest.

Rex Theatre Concert Orchestra---H. BONE, Director

Always in attendance.

MID-SUMMER HALF-HOLIDAYS

Following our established policy of suspending business during the summer months on Wednesday at noon in each week in which there is not a Dominion or other holiday, we announce the half-holiday period for this year, beginning the 4th of May.

EXPERIMENTAL AND RESEARCH WORK

IN GRAIN AND FIELD CROPS

Experimental and research work, promoted by and under the guidance of the Dominion Department of Agriculture, has made great strides in Canada during recent years. It is estimated, for instance, that the discovery of Marquis wheat by the Cereal Division of the Experimental Farms Branch has enriched the wheat growers of the three prairie provinces by \$20,000,000 annually, and that the introduction of Preston, Crest and Huron wheats in to the other provinces has brought about a gain of at least half a million dollars a year. But wheat is not the only grain that has profited immensely through the work carried on at the Experimental Farms. By the introduction of Banbury, Victory, and in particular, Banner oats, a gain has been made of over \$2,000,000 annually, while other new grains, such as barley, flax, and peas, have proven responsible for an increase in value of \$1,000,000 annually. All of these must and will develop in still greater profit to the country. Experiments plant breeding work with garden and field crops have led to the discovery of many new varieties, such as the Melba apple, Early Matador corn, Albany tomato, etc. Hardy varieties of tree fruits have been proven of good growth in this Province. While some valuable discoveries have been made in forage crops, notably a perennial red clover, a justly valuable research work has been done by the Division of Chemistry, and by the Division of Botany, and by the Division of Animals, Entomological and Seed Branches. Canada has been shown to be the healthiest of all countries to live in, a fact which must be attributed in large measure to the excellent system of supervision and control adopted and followed by the Health of Animals Branch. By its precautionary measures and other activities it is conservatively calculated that the Division of Botany has saved the country \$32,000,000 annually, largely by its crusade against insect pests, diseases to which plant life is subject. Research work in its laboratories by the Seed Branch has resulted in approximately 100,000 tons of screenings being made of maximum value to the live stock feeder, and this is but one of the profitable results that have been achieved. Turning to the Entomological branch, when it is stated that in field crops alone a justifiable estimate is that the depredations of insects cause a loss each year of \$125,000,000 some idea of the colossal work involved can be formed. In field husbandry, by the greater use of crop rotations and the insecting of the most profitable rotations for each district, it is estimated that Ontario is saved annually to the extent of \$32,000,000, while by summer fallowing, a system urgently encouraged by the Experimental Farms branch, the Prairie Provinces are thought to gain \$90,000,000 annually. These few facts will illustrate the advance that is being made in the development of Canadian agriculture.

Dominion Department of Agriculture, Publications Branch, Ottawa, June 20, 1921.

DR. CLARK, M.P., IN ONTARIO

Guelph, Ont., July 3.—The need of a free trade policy for the Canadian farmers was the outstanding note heard at a political meeting held under the joint auspices of the United Farmers of Ontario and the Independent Labor party here Saturday night, which was addressed by Dr. Michael Clark, M.P. of Red Deer, Alberta, and J. J. Morrison, secretary of the U. F. O.

Dr. Clark said nothing had come of the rumors of cabinet changes in Ottawa because the government was afraid to take a chance. They had been alarmed by the fact that most of the by-elections of the past two years had gone against them.

Great problems, said Dr. Clark, were facing the country, one of them being the national debt, which \$100,000,000 had been added in the last year. Thousands of unemployed were found in the large cities, and the price of farm produce had dropped to the point where the farmers' profits vanished, and still the government was hanging on. Referring to the policy of the government, he said that protection was not a national policy, but local and selfish. The makers of agricultural implements, he said, should be obliged to stand on their own feet.

Newmarket, Ont., July 1.—Dr. Michael Clark, M.P. for Red Deer, Alta., delivered the first speech in his Ontario tour here Thursday night. R. W. Burnaby, president of the United Farmers of Ontario, presided, and J. J. Morrison, secretary of the United Farmers also spoke.

Dr. Clark said he had been asked before leaving Alberta if he was going to give Ontario the western viewpoint. This was hardly necessary he thought. The western viewpoint had been supplied by the by-elections in Assiniboia and Medicine Hat. These marked the beginning of an upheaval, the end of which no man can foresee. The new movement had passed far beyond the stage of a class movement. If the farmers were its leaders, it was because they had borne the burden of misgovernment from the time of confederation onward. Things could not go on as they had been since 60,000 of Canada's youth had died overseas to uphold certain principles.

The national debt, said Dr. Clark, had to be paid by retrenching and trading. The country must trade as well as produce in order to create wealth, and freedom of trade was what the world needed.

PASSING OF THE DIPPER

The Sania Observer observes that it has been gravely announced that the manufacture of tin dippers is no longer a profitable business in Red Deer, the ultimate extinction of this once indispensable kitchen utensil is more than probable. Like other friends of unregenerate youth—such as the cork screw—it is soon to lose its time-honored place in the domestic economy.

Future generations may have to search for a specimen behind a glass case in the Ontario Museum. Time works wondrous changes. The old oak bucket with its moss covered lid—laden with germs—has been immortalized by Samuel Woodcock. Fame awaits the hardy who pens an ode in honor of the old tin dipper.

PHYSIOLOGICAL ACTION OF TAN-LAC EXPLAINED

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the questions: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? And why has this preparation so far outstripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of study, experiment and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten ingredients in Tanlac. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica, says: "It has been the source of the most valuable tonic medicines that have ever been known."

In referring to other of the general tonic drugs contained in Tanlac, the 13th edition of Taylor's Therapeutics, a standard medical text-book, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in

take it too light. The question was a very serious one, and we never knew when we would be in need of service. His remarks were hailed with great applause. After a few more questions, the meeting adjourned, this most successful meeting adjourned.

HILL END NEWS

July 7th. School has closed and the children are looking forward to a happy vacation. Our teacher, Miss Pownall, has gone to her home at Edmonton, but we are looking forward to her coming back again.

The young people of Hill End met at Mr. Niblock's, Saturday, July 2nd, to form a young people's club. The following officers were elected: Chairman, R. Denmore; Treasurer, Miss Partington; Secretary, Miss Minnie Hill. It was decided that the young people should play ball on July 11.

Mr. and Mrs. A. E. Hill, of Montana, spent a week with their brother, E. G. Hill and family, and were very pleased with this part of the country. Mr. and Mrs. Pargeter and their daughter spent a week or two with their parents, and Mr. E. G. Hill.

Patriotic Sunday was observed at Hill End, Sunday, July 3. A very pleasant afternoon was spent, though the crowd was not large on account of the bad roads. Mr. Hughes gave a very interesting talk to the school. The Sunday school is progressing and there is always an attendance of about thirty-five.

All the Hill End farmers are smiling at the rain.

ROMAN CATHOLIC PICNIC ON JULY 1

The Roman Catholic people held their annual picnic on Dominion Day on the beautiful grounds at the back of the convent. The bad roads and rather bad weather prevented many coming in from the country, and the attendance was not so large as usual. Those present, however, had a jolly time with the splendid programme provided in shooting gallery, Aunt Sally, wheel barrow races, and other prize—only he taught the head, when he was blundered on, the wrong end of the rooster. An auction of cakes wound up the afternoon. The net proceeds will run over \$100. The following list of prize winners: Boys, 3 years and under—Eric Belter, Lionel Leonard, Stewart Platt, Clara, 3 years and under—Blanche Agnew, Isabel Johnson, Earline Leonard.

Boys, 13 years and under—Fred Delam, Chas. Evans, Michel LeSauter. Girls, 13 years and under—Mary Constance Leonard, Gertrude Hogan.

Young men's race—Gilbert Hermary, Peter Leroux, Michel Denon, and J. J. Donnelly, John Demas.

Married ladies' race—Mrs. Staples, Mrs. Belter, Mrs. MacKinnon, Mrs. Agnew, Isabel Johnson, Earline Leonard.

Young ladies' race—Rita, McKinnon, Antoinette Hermary, Mary Harper. Married ladies' race—Mrs. Kanas, J. J. Donnelly, John Demas.

Three-legged race—Yonthe—Gilbert Hermary and Peter Leroux—Edward Hermary and Max Federer.

Three-legged race—Yonthe and girls—Mary Harper and Winifred Fagan, Mrs. Steward and Alma Warner.

Bag and wheelbarrow—Staples, Winifred Fagan, May Harper. Potato race—Tom Fagan, Winifred Fagan, Rita McKinnon. Heading the rooster—Mrs. Duval. Drawing for lamb, donated by Mr. Hermary—Winifred Fagan.

Stock Raisers

are now offered a complete marketing and handling service through our new Branch at the Calgary Stock Yards.

Dandruff is Disgusting

What is more embarrassing and disgusting than a plaster of dandruff on one's coat collar? Nothing that we know of. A prevalent thought mistaken idea is that dandruff can be corrected by digging and scraping it off the scalp with a fine tooth comb, or a sharp article brush, dandruff just arrives on this treatment, the more the scalp is scratched the thicker the dandruff becomes. Throw away your fine tooth comb, and sharp bristle brush and get a bottle of "JUSS" (Harrison's special hair tonic and dandruff eradicant) today. You'll be surprised with results in a week or two.

"JUSS" kills dandruff in a jiffy by destroying the dandruff germ, it stops falling hair and promotes a new growth, usually falling hair is due to excessive dandruff, the hair becoming infected and diseased and eventually falling out.

"JUSS" is sold and guaranteed by all local druggists, if after using the contents of the bottle you are not more than delighted with the results, just return the empty bottle to the druggist from whom you purchased it and he will refund you the money paid for it without a question.

"JUSS" is made by two Calgary druggists with seventy-one years of combined experience behind them, it is a tried and proven preparation and is simply amazing in its action on the hair and scalp. All Red Deer druggists sell "JUSS" at \$2 a bottle (a month's treatment).

HARRISON HAIR TONIC CO., LTD.

W. V. NEWSON,
Deputy Provincial Treasurer,
Parliament Buildings, Edmonton, Alberta.

NORTH RED DEER COMMUNITY CLUB PICNIC

The North Red Deer Community Club had a great time on the school grounds on Dominion Day when their pleasant winter gatherings were supplemented by a picnic which was a great pleasure to the crowd which attended. An appetizing lunch was served on the grounds, and most of the ladies who also provided for the cream for the kiddies. Supper was also served on the grounds after the game and those who cared for dancing enjoyed a very sociable evening at the Municipal hall. The baseball game between the boys and the ladies was won by the boys and the single men and girls beat the married men and women, but the married men got their revenge on the single men in the football game which they won by four goals to two. A collection on the grounds supplied sufficient funds for prizes for races for the boys and girls, which were won, as follows:

Boys, 7 and under—Victor Birney, Girls, 7 and under—Mildred Martin, Girls, 12 and under—Miss Birney, Fat ladies—Mrs. M. Birney, Mrs. Excel, Girls, 16 and under—Miss Birney, Girls, free-for-all—Miss Birney, Miss W. Sinclair.

Three-legged race girls—Laverne Weaver and L. Weaver. The high jump was won by a beautiful collic dog which jumped from an upper window of the North Red Deer schoolhouse and seemed quite pleased over winning the applause of all. The officers and committee feel gratified over the success of their picnic.

yards during fair week got fair action, with several loads of very fair horses selling well, under \$100, and the best mare sold on Thursday only brought \$140. Buyers still have the market all their own way.

Rains reported in many parts of Alberta last week-end, and much benefit resulted. Some districts where rain badly needed did not get it, and crop failure in isolated instances seems a certainty. Northern Alberta crops excellent; central Alberta fair to good; southern Alberta very dry. Grain prices showing weakness over generally favorable crop conditions in producing countries.

Produce—Cream prices advanced this week 1c; special, 24c; first grade, 23c, and second grade, 22c, at creameries, and 1c less at stations. Creamery butter firmer, with Montreal market advanced and shipments now eastward, at prices ranging 27c to 31c on firsts. Dairy butter somewhat improved, quoted 18c to 20c on No. 1 table and straight shipments 15c to 20c, mouldy and rancid out; no demand for dairy. Eggs still scarce and up to \$9 to \$9.30. Country still selling well; broilers, 25c to 30c; fowl, 15c to 18c; roosters, 10c to 13c; some dressed fowl coming in, quoted around 21c.

Cream prices higher by 1c in Edmonton district, with stations paying 21c and 18c on special, first, and second grades; hot weather affecting cream grades. Creamery butter in cartons 24c, and cartons 29c to 30c, with shipments east and west. Dairy butter 15c to 16c, with no outside demand. Cheese market firm. Eggs prices have been boosted to \$9.70, but dealers consider price too high for July eggs and decline probe, as stocks not suitable for storage; some shipments to coast. Spring chickens coming in freely, selling 30c to 32c; hens, 15c to 16c; turkeys, 25c; storage stocks cleared and good demand.

Hay—New crop coming on soon; expected to sell around \$14 country points; timothy fairly well cleaned up and higher, worth \$24 and \$25 in sheds. Coal, fair alfalfa on the market in couple of weeks, \$17 and \$18.

Wool—Little movement in eastern market, though some inquiries reported. Shipments arriving for grading at Toronto. Eastern prices 13c to 26c.

Hides—Market unchanged, and no immediate prospects of revival.

Furs—Summer slackness characterizes trade. Not much more to be sold.

THE STRAIGHT ROAD

It was a fine saying of a notable Canadian teacher and preacher, whose own life was the best illustration of his words, that he never knew of any one being lost on a straight road. So long as a traveller keeps to the highway, he is sure of reaching some place from which he can take his bearings. And the boy or man who never allows any temptation to lead him into crooked dealing, is not likely to fail of reaching a worthy goal.

The saying may be commended to those who are leaving school or college to enter upon their life career. It is another way of saying that what counts for most in every department of human activity is character. More cleverness will lose out in the end, unless its possessor is found to be straightforward and reliable. In last analysis, it was character that won the War for Britain and her Allies, and it was lack of character that lost the War for Germany. In the lurid light of the battle fields of France and Flanders, it was demonstrated that the nation which regards solemn agreements as mere scraps of paper is doomed to failure and defeat. The same thing holds true of individuals.

"WE WANT YOUR BUSINESS"

EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, Friday, July 8

Steers half a dollar lower, and cows down about a quarter, though one extra quality load made \$6.00. Choice steers, \$8 to \$8.45; good, \$7.25 to \$8; medium, \$4.25 to \$5; common steers taken as feeders, \$3.50 to \$4; canners, \$2 to \$3. Bulls scarce, best around \$2.50. Calves lower, with best \$6 to \$6.50; common, \$3 to \$4; canners, \$2 to \$3. Beef prices at Edmonton yards are holding steady, with best steers \$6 to \$7; good, \$5.50 to \$6; medium, \$4.50 to \$5.25; common, \$4 to \$4.25; choice cows, \$5 to \$5.50; good, \$4.50 to \$5; medium, \$3.50 to \$4; common, \$3 to \$3.50; canners, \$1.50 to \$2. Bulls unchanged, with tops at \$3. Calves unchanged, choice would make up to \$9. Stocker and feeder demand light, with some heavy feeders bought for shipment to Ontario for finishing, and some loads to Saskatchewan. Beneficial rains may stimulate demand.

Hogs—Market dropped during the early week to \$10.50 on small lots, but Thursday's sales at \$10.75 to \$11. Arrivals today light, and sales \$11.50 to \$12.

Hogs have been fluctuating at Edmonton, with a high mark of \$11.75, but a decline to \$10.75 on Thursday.

Sheep—Very little demand for sheep; last sale of choice lambs at \$10.50; wethers, \$8, and ewes, \$7, but to make sales lower prices may have to be taken. Sheep reported about steady at Edmonton, with choice lambs making \$11.50; other sheep unchanged, with demand moderate.

Horses—Two sales held at Calgary stock

BRAZIER'S

It's a Fair in Itself

Ladies and Gentlemen:—

The United Farmers of Alberta of the Red Deer constituency believe that the old party system of government has failed to meet present-day conditions, and they have decided, along with other U.F.A. organizations in Alberta, to make an effort towards better and fairer conditions.

At a representative convention of U.F.A. delegates of Red Deer constituency, I was unanimously chosen as the U.F.A. candidate in the forthcoming provincial election in Red Deer on Monday, July 18th. I am in hearty sympathy with the policy of the Farmers' organization in the shaping of which I have had an equal part with others. I believe we are working along true democratic lines. I believe in group organization. While I believe that the Farmers should maintain absolute control of their own organization, we are ready and anxious to co-operate with all other democratic groups. I believe that the principles enumerated in the Farmers' platform are in the interest of all classes. The prosperity of the urban and rural districts are interdependent. There cannot be prosperity in the towns unless the country is prosperous.

We are not out in opposition to anyone. We are after no one's scalp. We are seeking adequate representation under our own control in the parliament of our country.

If you think that I will creditably represent you in the Legislature of this Province along these lines, I earnestly solicit your vote and influence; and, if elected, I will always keep in mind the fact that I represent all the people.

Yours sincerely,

(Signed) G. W. SMITH.

IN THE INTERESTS OF THE U.F.A. CANDIDATE GEO. W. SMITH

**MASS MEETING IN THE METHODIST CHURCH
AUDITORIUM, RED DEER**

Saturday, July 16th at 8 p.m.

SPEAKERS: Mrs. H. H. McKinney, Calgary; H. W. Wood, President of the U.F.A., Calgary; and the Candidate, Geo. W. Smith.

A cordial invitation is extended to all electors from city and country to be present.

Now a Word About Paint

BUY THE BEST—A cheap paint begins to look bad from three to six months after it is put on, and in a year's time offers no protection to your building at all. Wouldn't it have been better to have spent four or five dollars more—not very much after all, is it—and bought Stephen's Paint, and had a proper job done that would last for years. Stephen's Paint is an old and well known brand that has been sold in this country since people first started to paint their houses. An honest paint at an honest price. Call at our store down town, or at our booth at the Fair, for color cards and more information.

MAKE OUR STORE YOUR HEADQUARTERS WHILE YOU ARE IN
FOR THE FAIR

SUCCESSORS TO DAY HARDWARE CO.

LOCAL NEWS

Mrs. C. D. Locke is visiting friends in Calgary.

Dr. and Mrs. Dick are spending a month in Toronto.

Mrs. F. J. Moore, Valley Centre, is visiting friends in Olds.

Miss Gertrude Smith and Miss Munro are visiting the Coast cities.

Miss Vivian George has taken charge of a school at Leafland.

McGregor Parsons is spending the summer with relatives in Ontario.

Best's big furniture sale starts Friday, July 15th. Read their advt. in this issue.

Mr. and Mrs. George returned from a motor trip to Valdez and Calgary last week.

Popular Ridge Sunday school picnic will be held at the home of Mrs. Finch on Friday afternoon, July 15.

Mrs. George Lindsay is visiting in Ontario and attending the Bruce County reunion at Walkerton, Ont.

J. R. McConnell and family, of Montreal, are visiting Mr. McConnell's brothers in Springfield and Baltimore.

Now is the time to buy that piece of furniture that you have wanted so long, at Best's big sale, July 15th to 30th.

There will be a dance in the Community Hall at the Divide on this Wednesday evening, July 13. Ladies please bring lunch.

The regular monthly meeting of Poplar Grove U.F.W.A. will be held at the home of Mrs. R. Neal on Friday, July 22nd, at 2:30 p.m.

Crossroads U.F.W.A. will hold a sale of home cooking, direct from the farm, on Tuesday, July 19th, all day, at U.F.A. committee rooms, Ross Street. Tea and sandwiches.

Mr. and Mrs. J. B. Durand returned from the Coast on Monday, and will make their home in Red Deer. Their many friends welcome them back, and are pleased to know that Mr. Durand has fully recovered his health again.

Mrs. W. B. Sleightholm is spending a few days with Mrs. J. Benstead, Mrs. Sleightholm has just returned from Rochester, where she has been taking radium treatment with the best of results up to the present time.

Miss Winnie Millman, daughter of S. Millman, who has been visiting Mr. and Mrs. Robert Herron, has returned to the coast. Mrs. Herron accompanied her for a few weeks' visit with Mr. and Mrs. Millman at Vancouver.

We make a specialty of correcting optical defects with properly adjusted glasses at well as prompt optical repairing. Broken lenses replaced quickly and accurately. No waiting. We have our own grinding plant.—H. J. Snell, Optometrist and Optician.

Geo. W. Frost, Secretary of the G. W.A., is in receipt of a neat certificate from the Secretary of State for War, London, England, which is given as a recognition of "Valuable services whilst a prisoner of war." The News carried an account of Mr. Frost's experiences a few weeks ago.

Monday evening, July 4, D.D.G.M. Shoebottom and suite visited Wasagam Lake I.O.O.F. and installed the following officers: N.G., J. J. Edwards; V.G., Horace J. Meeres; R.S., W. H. Hanna. After the installation arrangements were served and a very pleasant social hour was spent.

Dr. Long's dental office will be closed July 20 to 23, inclusive. He will be attending the annual meet of the Alberta Dental Convention in Edmonton, where a short post-graduate course of lectures and clinics is being given by several of the leading dental surgeons of the continent.

Crossroads U.F.W.A. will hold a sale of home cooking, direct from the farm, on Tuesday, July 19th, all day, at U.F.A. committee rooms, Ross Street. Tea and sandwiches.

Best's for bargaining in furniture.

Mrs. Frost, of Vancouver, is spending the summer with her parents, Mr. and Mrs. McLaughlin.

If it's bargaining you want, you can get them at Best's big furniture sale, July 15th to the 30th.

Mr. and Mrs. C. C. Gamble and Miss Doris Gamble returned from their month's visit to the coast and Seattle on Monday. They report having had a most enjoyable trip.

W. H. Hadley is spending a few days with his old friends in Red Deer, and in the guest house of Mrs. T. Edla. He says this isn't an election campaign. He said he would like to see a few days of their old campaign spirit again when Senator McInerney and his battalions carried the old party to victory.

PENHOLD NOTES

The following is a statement of the proceeds from sale of badges on sports day:

Received from sale of badges	\$59
Badges	\$69.15
Paid for advertising	10.50
Phone and postage	1.50
Rope	1.20
Base	12.50
Paid out in prizes	5.00
Paid for building booth for Women's Institute	7.00
Paid for badges, ac.	2.82
Women's Institute	14.03
Surplus on hand	18.43

\$59.15 \$69.15

No way the Women's Institute in our town benefited from the sale of the badges, but the sports committee paid for the badges, building the booth and advertising the Women's Institute supper and dance out of the proceeds for the sale of badges.

We hear the Women's Institute made a clear profit of \$20.00 out of the public. Considering the sports day was put on at the request of the Women's Institute for them to raise money for the hall, they should be well pleased.

We consider the sports day was carried out quite well under the circumstances.

There is to be a joint political meeting in Penhold at 8:30 p.m., when Donald Cameron will speak for the U.F.A. platform, and Mr. Morberg for the Stewart government. All welcome.

Mrs. James Speakman is visiting her parents at Red Deer.

Mr. Farrar Speakman was home from Edmonton for the week end.

Chas. Hives were busy Penhold last Saturday night, when they stripped Mr. Hilditch's car of all movable parts, doing damage of about \$300.00.

The Penhold baseball team played last Thursday, when the local boys won a well played game, 11 to 7.

On Friday the Penhold team went to the Ridgewood picnic to play Burn Lake, but this game was spoiled by too much argument, and the final score was in doubt, but the game ended in an ever break.

The Ridgewood picnic, held last Friday, was a great success, a bigger crowd than ever turning out. The sports were of a fine order, and some good displays of horsemanship given.

The booth, which was patronized by a great credit must be given to those who gave such untiring labor.

Mrs. Van Wart has been visiting Mrs. Billy Middleton for a few days.

Ernie Barton is taking in the Edmonton show.

Mrs. Chas. Hives is staying with her sister-in-law, Mrs. Norman Stewart.

Mrs. Hattie McDonald visited her brother, Archie Walker, over Sunday.

The Walkers have rented a cottage at the lake for the balance of the month.

Next Sunday being the third in the month, there will be service in the afternoon in the Anglican church.

Mr. and Mrs. Geo. Donnelly left last week for a protracted visit to the coast.

Miss Ula Lyle is spending her holiday with Mrs. Hollis Donnelly.

D.D.G.M. Brother Shoebottom, of Bowden, with his team, visited the Penhold I.O.O.F. lodge last Tuesday, when he installed the officers for the ensuing period.

The voters' list for the Penhold district is on view at the post office. If anybody feels entitled to a vote, but has not his name on the list, call in to the post office.

and see Dave Field and have it at Mrs. Archibald and little Pearl are leaving for home at Saskatoon on Friday after a long holiday visit to Mr. and Mrs. Willis.

The Women's Guild of the Anglican Church are holding a garden party at the home of Mrs. Hives on Thursday, July 14. All members of the church are cordially invited.

Mrs. Tom Stewart is leaving next week for the coast.

Mr. and Mrs. Willis expect to leave Penhold next week to make their new home at Rosemary, Alta.
